Montana Health Care Programs Notice School-Based Providers

Comprehensive School and Community Treatment (CSCT) Program Changes

The Department has determined the administration and management of the Comprehensive School and Community Treatment (CSCT) program will transition to the Developmental Services Division, Children's Mental Health Bureau (CMHB). This transition will take place over the next several months and will not affect payment for CSCT services being rendered in the schools.

The Children's Mental Health Bureau will provide information on the transition at the School Mental Health Conference being held March 1–2, 2012, at the Helena Red Lion Inn.

CSCT providers are encouraged to submit questions or concerns about this transition in advance of the Mental Health Conference. Questions or concerns may be submitted to Bonnie Adee, CMHB Bureau Chief, by e-mailing her at badee@mt.gov or by calling her at (406) 444-1290.
